PUBLIC NOTICE

PUERTO RICO AIR MONITORING NETWORK PLAN 2026

The Department of Natural and Environmental Resources (DNER) in fulfillment with Code 40 of Federal Regulations (CFR) Parts 53 and 58 have delineated the Puerto Rico Air Monitoring Network Plan 2026; this plan must be submitted to the Environmental Protection Agency after public comments, for its approval.

The Plan provides information about ambient air quality monitoring in Puerto Rico. The air monitoring network measure ground level concentrations of criteria pollutants (gaseous and particulate air pollutants). The plan proposes some changes and an update to the actual network according to the air regulations.

The Puerto Rico Air Monitoring Network Plan 2026 will be available review for public exclusively on the Department's website, www.drna.pr.gov/acai/muestreo for 30 days from this public notice.

The public is invited to submit comments or recommendations to the following e-mail address, aire@drna.pr.gov, to the attention of Cesar O. Rodríguez, Acting Chief of Air Monitoring, Validation and Data Management Division of the Air Quality Area. The comments and recommendations will be considered in the final document that will be submitted to the Environmental Protection Agency.

In San Juan, Puerto Rico, today May 21, 2026.
